Esquimalt Graving Dock.

THE GOVERNMENT OF BRITISH Columbia are prepared to receive Tenders for the construction of a Graving Dock, at the Naval Station, Esquimalt Harbor, under the guarantee provided in the Twelfth Section of the Terms of Union of this Province with the Dominion of Canada, with Section is in the following words:—

"The Dominion Government shall guarantee the interest for ten years from the date of the completion of the work, at the rate of five per cent. per annum, on such sums, not exceeding £100,000 sterling, as may be required for the construction of a first class Graving Dock at Esquimalt."

The Dock to be of masonry, and of not less than the following dimensions:—

Length on floor 370 feet,
Do. over all 400 feet,
Width between copings 90 feet,
Do. on floor..... 45 feet,
Do. of entrance..... 68 feet,

to afford a depth of water on the sill of not less than 30½ feet at high water springs, and to be substantially constructed to the approval of Government, upon a site to be provided by the person whose tender may be accepted.

Further particulars as to site, borings, &c., may be obtained from T. A. BURLEY, Esq., Chief Engineer to Government, upon application in writing to the Chief Commissioner of Lands and Works

Tenders must specify the time within which the Dock will be completed, and must be accompanied by drawings and descriptions showing exact dimensions, materials, and mode of construction of proposed Dock.

Tenders are to be sealed, superscribed "Tender for Esquimalt Graving Dock," addressed to the Chief Commissioner of Lands and Works, Victoria, British Columbia, and delivered at his Office before noon of the 15th day of November, 1872.

Persons who may consider the above guarantee to be insufficient, are at liberty to tender on the basis of such supplemental guarantee by the Provincial Government, or upon such other financial inducements, as they may suggest.

The Government do not bind themselves to accept the lowest or any tender.

Each tender must be accompanied by a Bond from the Contractor, and two sufficient sureties, for the payment of £10,000 to Her Majesty, her heirs and successors, conditioned upon the due fulfilment of the tender which it accompanies, provided it be accepted within three months from the said 15th November.

"Political Intrigue."

Our Mainland contemporary, the *Guardian*, has a method peculiarly its own in dealing with questions of a public character. As regards its political sentiments, they are a standing puzzle to all who read its lucubrations. It can neither be said to be Conservative, Liberal, nor Grit. It is somewhat like a ship in a gale without a helm, tossed hither and thither upon the conflicting waves of public opinion, apparently unable to settle down upon any fixed policy either as regards the local issues of the Province or those wider and weightier questions which affect the interests of the whole Dominion. It is nevertheless entitled to some distinction on the ground of originality. It has the credit of being an organ of the local Government, to look after their political interests on the Mainland, but we are not aware that it receives for its distinguished services any other subsidy than an occasional advertisement from the Lands and Works or Provincial Secretary's Department. It appears that the citizens of New Westminster and Burrard Inlet are not well pleased at the way in which their interests have been neglected by the Government in the matter of the construction of the Seminhmoo trail and the trail to connect the North Arm of the Fraser with Granville. As the *Guardian* observes, "the first of these is of the greatest importance to this (New Westminster) community, not merely as a ready means of communication with the Sound, which is now, by the establishment of a weekly steamer between Seattle and Seminhmoo, regularly connected, but in the profitable and constantly increasing trade, which a trail from this city to the boundary line would undoubtedly create. The second would be a great convenience to the farmers residing on the North Arm, and now that the False Creek bridge is on the eve of completion, the only obstacle in the way of its immediate utility is removed." The money for the execution of these much needed and desirable works, in which the people of New Westminster are said to be largely interested, was voted by the Legislature early in the Spring, and why the work has not been done is probably best known to the Commissioner of Lands and Works and his colleagues in the Ministry. The season is rapidly drawing to a close, the rainy weather will shortly set in, and the chances are every day becoming beautifully less as to anything being done with either trail this year. Who but the Government can possibly be to blame in this matter? If they are not held to account therefor, who should be? The *Guardian* complains loudly at the non-performance of the work but instead of casting the blame where it properly belongs, it attributes it to "some deep-laid scheme for the diversion of the peoples' money from its legitimate uses," by men who "are forever taking mean advantages of their neighbors," meaning thereby that it is owing to the manœuvres of certain persons unfriendly to the Government, that the work has not been done. "These political gamesters," it says, "are up to all the tricks of the profession," and that as a consequence "no political leader who has not a good backing, can count upon a day at the head of the Government." We never had any very lofty opinion as to the political strength of our local Administration, but we certainly had no idea they were in such a shaky condition as their mainland organ labors to make its readers believe. If that is the kind of backing they have to expect from their professed adherents, they may well exclaim "save us from our friends!" Surely a Government must be very weak indeed that is afraid to spend money for purposes already voted by Parliament, lest they should become the victims of an imaginary Ring that had "hatched pretty little plots for their destruction." The absurdity of the idea is only equalled by the mental obfuscation of its author. "One of their tricks," it states, "is to make the Government unpopular with the people by preventing the construction of useful public improvements, which, if they are successful in grasping the reins of government, they immediately turn to account for their own behoof, and secure a fleeting popularity by completing when in what they opposed when out." If the above quotation means anything at all, it is that the representatives of New Westminster city and District, with a view to ousting the present Ministry, have conspired to prevent the Government doing the work referred, to and for which Parliament voted the money, in order that they might bring them into disfavor with their constituents and thus get the reins of government into their own hands. What opinion can the *Guardian* have in reference to the intelligence of its readers, when it ventures to submit for their consideration such transparent humbug?

To the Electors of the District of Victoria (including Victoria City, Victoria District, Esquimalt and Metchosin.)

GENTLEMEN:—Having received a most numerously signed requisition asking me to allow myself to be put in nomination at the election for members of the House of Commons, I cordially accede to the request and now offer myself as a candidate for re-election.

When, ten months since, I was elected a representative to Ottawa I promised, amongst other subjects, to urge upon the Government the necessity of dredging Victoria Harbor, of making arrangements for the commencement of the Dry Dock at Esquimalt, of building Lighthouses, and of making Esquimalt and Victoria the Terminus of the Canadian Pacific Railroad. It is, therefore, gratifying to me to be able to state, as it will be satisfactory for you to learn, that in these matters my efforts have proved entirely successful; and further, that several Federal Laws unsuited to British Columbia were, through my representations, not applied to this Province.

Although thoroughly convinced that the Dominion Government will undoubtedly faithfully fulfil their part of the Terms of Confederation to the fullest extent and otherwise aid, by all legitimate means, the endeavors of the inhabitants of British Columbia to promote the advancement and well-being of this portion of the Dominion, still, if elected, I shall deem it my duty to jealously guard these conditions and to urge their rapid and complete fulfillment, and as occasion occurs solicit further assistance from the Ministry.

It is essential that British Columbia should be brought into direct communication with the seat of Government at Ottawa. I shall therefore, urge upon the Ministry the advisability of connecting the present telegraph system of British Columbia with that of the Eastern Provinces.

Pending the more rapid means of communication with the General Government, it is at least expedient that the Lieut.-Governor this Province should be endowed with more extensive powers in criminal matters, to be enabled to commute sentences and to delay, if advisable, the execution of criminals.

The prosperity of British Columbia being in no small degree dependent upon an increase of population, I shall use my best efforts to induce the Ministry of Canada to assist the Local Government in carrying out any well devised scheme of immigration.

The immediate organization of the Indian Department is essentially necessary to the well-being of all.

Circumstances and conditions now unforseen may arise in this Province; but since I shall reside among you they will become known to me, and questions alike of interest to British Columbia and the Dominion will doubtless come up in Parliament. Each and all of these shall command my careful study and deliberate judgment; but, speaking generally, I shall, as I have done hitherto, give a liberal and firm support to the Macdonald-Cartier Administration, the faithful friends of British Columbia, being convinced that the welfare of the Dominion and the materia interests of this Province will be thereby best promoted.

Thanking you again for your expression of confidence and goodwill, I hope, if elected and profiting by the experience of the past, to be in a position to render you greater services and merit a continuance of your confidence, support aed approbation.

I have the honor to be, Gentlemen,

Your obedient servant,

HENRY NATHAN, JR.

To the Electors of the Yale, Lytton and Kootenay District.

GENTLEMEN,—Having a sincere desire to see these districts, this Province, and the whole Dominion prosper, I wish to give a helping hand to those patriots who labor for the moral and material wellbeing of our people.

I therefore offer myself as a candidate to represent you in the Ottawa House of Commons.

If I am elected I will strive to uphold the honor, peace and safety of the people, encourage our prosperity, and develop our resources.

I will vigorously uphold all measures tending to our good; and with like vigor, oppose all derogatory to the good of our country and people.

I promise to be ever ready to represent the petitions of my constituents, when right and reasonable; and intend when practicable, consulting them upon the wants &c. of these districts.

It is for you gentlement to say whether I shall be your representative.

If you have made, or likely to make a better choice, I will not oppose your man, but will assist in electing him.

Your servant

ALEX. L. FORTUNE.

POLITICAL.

We are authorised to state that MR. DECOSMOS will be a candidate for the House of Commons at the next election.

BIRTH.

In this city, on the 25th inst., the wife of Mr. George Coleman, of a daughter.

Mr. Beaven's Meeting.

On Saturday evening Mr. Beaven called a meeting of the electors of the city, at the Alhambra Hall, which was largely and influentially attended. His Worship the Mayor occupied the chair, and Mr. J. E. McMillan was appointed Secretary. Several prominent citizens were on the platform including two members of the Local House.

Mr. Beaven on being introduced to the meeting, commenced by saying that it was not to serve any private interest that he aspired to a seat in the Commons, but he considered that no honor was so great as being elected as a representative by his fellow citizens. He had been taken to task by the friends and supporters of the present members, as being highly indelicate in his seeking being elected over them. He must take exception to this; he did not propose to indulge in personalities, or to criticise those gentlemen's votes in the House, but he would call attention to the fact that when they obtained their seats, that their election was but for one year, that there was no opposition, and the electors had no opportunity of showing their preferences. He did not see because these gentlemen had sat for one year in the House, that they should walk over the course for the next five years, as one of them to say the most, had scarcely been heard in the House and had only given silent votes, some of which, he thought, were prejudicial to the Province. He did not wish to be egotistical, but he could refer to his conduct in the local House. He read a copy of a reply that he had sent to the Colonial Secretary in answer to a circular sent to him as a member for the city,—with regard to the requirements of his constituency; he had consulted the other members of the city on the report and they had also acted in the same manner. [Our space will not allow the publication of Mr. Beaven's communication.] He mentioned these facts, as this was the first time since the session that he had spoken in public. In reference to Dominion matters he compared the estimates with the report of Mr. Langevin, and he came to the conclusion that Mr. Langevin had been our representative in the House. Last session $100,000 had been voted by the House in excess of what British Columbia was entitled to under the terms of Union; none of this money had been expended here up to the present time; it was one thing to vote money and another thing to expend it; to illustrate which the speaker pointed out, that on the Estimates several sums of money which had been voted in 1871 for public buildings in various parts of the Dominion, again appeared in the Estimates in 1872. He pointed out also from the Estimates that the Dominion had expected to pay out last year, $125,000 more than the revenue would be collected from the Province, but up to the first of April, only $43,000 in excess of the revenue had been expended. Unless public works in this Province were shortly commenced, the monies voted for them at the last session, would not be laid out and would have to be voted again next session. British Columbia expected nothing more from her representatives than a silent vote; it was members who are not afraid to get up and speak boldly on the wants and requirements of our country. In examining the debates that had occurred in the House, it would be easily seen that it was the opinion of members from the other Provinces, that British Columbia had obtained better terms than the other Provinces. Mr. Beaven contended that we we did not receive better terms; the terms offered to Newfoundland and Prince Edward Island, he said were very similar; these Provinces rejected them, but B. C. had accepted them. This did not include the railroad clauses, but he considered that the railroad was not a Provincial, but was a national benefit. The Intercolonial Railway was not built for Nova Scotia alone, because it terminated there, but for the benefit of the whole Dominion, and the same is the case with the Pacific Railway. He considered that the Dominion, by the terms of union, got a very good bargain. Under them Canada is to pay this Province $850,000 per annum, of which she will get back from the Province $375,000, leaving a balance of $275,000. For this she obtains the peaceable possession of B. C., alone worth the money, as it is the only possible outlet she could have had on the Pacific Coast; if she had not secured this she would have sunk into insignificance, and have been absorbed sooner or later by her neighbor, the great Republic. To prove that such was the opinion of Canadian statesmen, he quoted from the report of Colonel Grey on Confederation, when speaking of B. C. and the Pacific Railway. He says: "The Canadian look upon the railroad as the backbone of Confederation; that it wasn't a question of politics or party, but a question of national existence." Our Province, too, contains great wealth, mineral, pastoral, and agricultural. Our population had only to increase some fifteen or twenty thousand, when Canada would receive back, in revenue, every dollar that she has to pay under the terms of union. We are not entitled to any greater subsidy from Canada, no matter to what extent our population shall have increased, until after 1881. Under Confederation we have obtained many advantages, such as self-government, responsible government, a home grown Governor, representatives in the Senate, Commons and local Assemblies, reduced taxation, and reduced postal rates. We have been relieved of our debt, and have the prospect of being brought from an isolated Crown Colony so being in close communication by railroads with the Dominion. In less than one year he hoped to see the first sod of the railway turned at Esquimalt. A great deal had been said by the press and in other quarters about the necessity of immigration; he, however, thought that what had better be done first was to find employment for those who are already here. He would like to say a few words on dual representation, and which he was strongly opposed to; it was, however, more than could be expected of him that he should give up his seat in the local House before being elected for the Commons. He had been accused of inconsistency in the *Colonist* newspaper, in this matter, for running for the Commons whilst holding a seat in the local House. He did not think he was inconsistent, as it was the practice in Ontario to elect from the local House to the Commons persons who were opposed to dual representation, on the principle that unless opposed it would never be abolished. He was prepared to state that if elected to the Commons for this constituency, he would resign his seat in the local House; (applause); and he would oppose dual representation to the last. On the subject of the ballot, he hoped to see it a Government measure in the House next session; if not, it would be forced upon them by the House. After thanking the audience for their attendance and attention, Mr. Beaven sat down amidst applause.

Mr. Daby said that as Mr Beaven was opposed to dual representation, he was entitled to the support of the electors at the forthcoming election. He would move the following resolution: "That this meeting is of opinion that our representative, E. Beaven, has done his duty in the local Legislature, and that we consider him fitted to be our representative at Ottawa."

Mr. Jenkinson seconded, saying that he was happy to support a man who was in favor of the ballot; he thought, that the ballot which had recently been introduced in England was the greatest political triumph that had occurred since the Magna Charta; it showed the aristocracy of England that the people could do without them, and he proceeded in an excited manner to attack and abuse the aristocracy. His remarks were applauded and hissed. He concluded by asking the electors to vote for the men who positively pledged themselves to support the ballot.

The resolution was declared carried.

Mr. R. Smith, M.P.P., said that with regard to dual representation, he fully concurred with the opinions expressed by Mr. DeCosmos on Thursday night; that is, should both Houses meet at the same time, any gentleman holding a seat in the local House, should be be elected to the Commons, should resign his seat in the Provincial Parliament; that in case both Houses do not meet at the same time, he (Mr. DeCosmos) would leave it to his constituency whether he should resign his seat in the local or not, providing he (Mr. DeCosmos) is returned to the Commons. That was just Mr. Smith's position; he did not want to see his seat vacant in the Local House, and had taken precaution in case he should be elected to the Commons, to have the District fully represented in both Houses. It was said the obnoxious Dualists are ambitious, but that may be, he would not give the backbone of a sardine for any man that was not ambitious; popularity is the food of ambition, and to be popular is to work faithfully, not only for a constituency but also for the general welfare of the country. The great question of the day is the Railroad; now it was only a few years ago that nine-tenths of the population of B. C. actually laughed at the idea of the construction of a Railroad, from the sea board of B. C. to the Rocky Mountains, and there to connect with the Railroad system of Canada. But to-day the whole country is pregnant with the happy prospects of such an unexpected blessing. The Railroad Bill has passed the Canadian Parliament, and step by step the great work of the empire is going forward. He did not believe there was a gentleman there that night who belonged to the Yale Convention of 1808, who did not feel perfectly sanguine as to the realization of the fact that he had pointed out, and laid before that hon. body with regard to the Inter-Oceanic Railroad policy of the Imperial Governor, and for which he had the honor to be characterized a fool, a railroad fanatic, and a "bully" good subject for Stockton. But if we could judge from the way in which Railroad business is looming up, the probability is that before he should reach Stockton, he would be traveling in a railroad car from B. C. to Ottawa; and perhaps in company with many of his friends whom he had the pleasure of addressing there. The great work goes forward, and it should be their duty to assist all they could in order to have it reach the Pacific. But there was danger ahead, breakers on the lee-bow; we must haul her up close on a bow-line, said Mr Smith, to weather those breakers, and keep the Grits out of the House, for if he could judge from the manner in which they opposed both Confederation and the Railroad, it surely was natural for them to suppose that if they got into power the probabilities might be that our Railroad prospects might stick somewhere in the Saskatchewan or Red River country. Such might not be the case but we have no guarantee to the contrary, but if Sir John A. Macdonald steers the Dominion bark of State for the next five years, the work would then be so advanced, that the completion of the Railroad was certain, and the country's fondest hopes and expectations realized. Under a Macdonald administration we need not anticipate any danger, but that the question of the Railroad will be carried out according to our terms of Union with the Dominion Government. But the line of route; that was the question; that is the great, the important point at issue; whether the western terminus of the Road shall be at Burrard Inlet or Esquimalt, this is a question to be decided by the Governor General in Council, and he trusted that in deciding that question, that it would not only be satisfactory to the Mainland but to the Island also, and be the means of cultivating a friendship between both, the hinges of which, time will not, cannot rust. (Applause).

Mr. J. W. Carey in a few remarks said he was opposed to Dual representation. He said that he hardly knew why he was on the platform as he had never been asked by Mr. Beaven for a vote. He was in favor of Mr. A. DeCosmos, whom he considered the best man to represent the city at Ottawa, and whom he hoped to see returned at the head of the poll. (Loud and continued applause.)

Mr Duck, M P P, moved a vote of thanks to the Chairman and the meeting terminated after giving three cheers for the Queen.

The Enterprise with the mails and the following passengers arrived at 1 p. m. on Saturday from New Westminster: Mrs. Cunningham, Messrs. R. Munger, R Reed, E Crate, J. McKenzie, E. Dassonville, Jacobs, Smith, Goudie, Greenhalgh, Stevens. Fifteen minutes after her arrival she hurried back to New Westminster on an emergency, with Dr Trimble, who was sent for to wait on Capt Irving, who was again very low on Saturday morning. Mr. John Dickson and Mr. Joseph Spratt also went up. At noon yesterday the steamer returned to this port with Mr. Claudet, S. M., Mr. Spratt and Mr. Eqilsinon of the Customs. Capt Irving was very ill with pneumonia and erysipelis in the head. Dr Trimble remained and hopes to be able to save his patient.

The Bute Inlet Route.—Quesnelle, Aug. 24th.—I found the country east of the Cascade Range very favorable and consider one hundred miles of it easier than any other portion of the entire line. The great difficulty is crossing the Fraser river without making too great a bend. I did not see the Homathco Valley, below Middle Lake, but Tiedeman gives a favorable account of it.—G. B. Wright.

The Meadows.—The Lane & Kurtz Co have been repairing the boiler of the engine, and are now making a chamber round the shaft at the place where the bedrock is first struck, some 90 feet from the platform. By this means the water from the surface to the bedrock will be caught before it can descend to the bottom of the shaft, and thus the work of pumping it will be considerably lessened.

A Public Reading.—We are informed that Mr. Wood, a late arrival, purposes giving a reading at the theatre on an evening in this week. A small charge will be made for admission; the proceeds are to be devoted to one of our charitable institutions. The piece selected is the "Lady of Lyons."

The Cemetery Trustees in deference to the petition of the citizens of Victoria, have reconsidered their decision with regard to Medana's Grove, and ask for offers of land more suitable for a cemetery than the Grove. A grave consideration.

Political Meeting.—Mr. Nathan will address the electors of the Victoria District, at the Alhambra, this evening at 8 o'clock.

The steamer Fly went down to Sooke yesterday morning on private business, and returned in the afternoon.

For The Inlet—The Fly will leave for Burrard Inlet this afternoon.

Our Weekly Mainland Summary.

CARIBOO.

The mining news from this section is very favorable. The Well Mary Ann co., Williams Creek, took out 180 oz. for the week ending Sunday the 10th; the Ballarat 60 oz.; the Flume co., 70 oz.; the Stout Gulch co., 37 oz. On Lightning Creek, the Lightning co. washed up between 30 and 40 oz; the South Wales, 47 oz. The Minnehaha, on Harvey Creek took out in the first week in August, 136 oz; 70 oz. the following week, 35 oz; on the 12th from one shift. The weather in Cariboo has been very dry; the springs have dried about Barkerville and water was scarce. Fires have been raging in the mountains. A sluice box of the Stout Gulch co. was robbed on the night of the 12th; it is not known how much was stolen. A good trail down from the Bald Mountain, to the claims on Harvey Creek. On the afternoon of the 16th, the Chinese residents of the district had a gala celebration in the upper part of Barkerville, in honor of what event is unknown. The Cariboo Dramatic Company, amateurs, gave an entertainment at the theatre on Saturday evening the 10th; "To Paris and Back for Five Pounds" was played. Rev. Mr Hall and wife were expected at Barkerville on the 17th.

OMINECA.

Mr Herre, formerly of Victoria, arrived on the 14th on William Creek, 21 days from Omineca. He reports the trail to Stewart's Lake much interrupted with fallen timber. In the mines business was dull and things gloomy looking, but the mining prospects were cheering; provisions were cheap. About 600 men were in the whole district; in general the miners were doing well. The daily returns from the mines average from $4 and $5 to $60, $80 and $100 to the hand. The shortness of the mining season and the previous high price of provisions have been the principal obstructions which miners have had to contend with. On Black Jack Gulch, Neil Cameron, John J. White & Co. are making from $30 to $50 per day. R. Hamilton and — Emery and others have made the same in the claim immediately below, and are now leaving for home satisfied with what they have made. Above these claims, J. Abbott and Fr Lynch are not doing so well but are taking out pay. Below these there are several companies taking out pay. On Mansen Creek, the Discovery Flat is not turning out as well as expected, with the exception of Peterson's claim, which pays very rich. R. Clark, Chas. Jones, Mose Barber, and many other Cariboolites, are working on this flat. James Orr, who is working in the immediate vicinity, is obtaining good prospects. Tom McDougall, and seven or eight more men working, in two companies are obtaining good pay—from $12 to $15 and $20 a day to the hand. Lost Creek is considered the richest in the district. The Discovery co (consisting of James Carson, G. Fairbrother, Griffiths, and four or five other Cariboolites) is considered to be the best claim in Omineca. The shaft is between 60 and 70 feet deep, and the company is taking out big pay. Above the Discovery, Joe Irvine, Willscraft, Ward and others have made money, but they are now afraid that the pay is running out. Philip Starr and partners are located below the Discovery and consider their claims good. On Slate Creek, between Germansen and Manson creeks, the best pay has been found on the banks 12 or 15 feet high, ranging from $8 to $60 and $80 per day to the hand. Germansen Creek is very dull at present. Several claims which paid well in the spring have ceased to pay since high water, but it is expected they will again pay well in the fall. Doc Holloway, George Kenny, Jas. Welch, Felix, and many others well known here are on this creek, and have claims that are more or less good.

LILLOOET, CLINTON AND YALE.

Mr. T. B. Humphreys has left Lillooet for Cache Creek and the Okanagan, to canvass the Yale and Kootenay district for the Commons. The waggon road from Savona's Ferry to Okanagan is completed to Grand Prairie; there were 29 men at work. There have been but three falls of rain around Kamloops during the summer. The crops throughout the whole of this section, Lillooet and Clinton are very fine, and about one-half already harvested. Messrs. Copp and Jamieson have erected a sawmill on the North Thompson, about 20 miles from Kamloops. The Tranquille river flour mill has been running the whole of the season. The new mill, at the 21-mile house, Lillooet-Clinton road, is approaching completion. The subscribed capital, $8,000, is taken by the farmers themselves. The building is 30x20 and 18 feet high. The Kamloops races are to come off on or about 15th October next, on the south side of the Thompson, near Peterson's Hotel. The Rev. J. B. Good was at Kamloops on 18th inst., and preached on board the Marten in the morning, and at Mr. McKenzie's residence in the evening, with an excellent attendance.

LOWER FRASER.

At New Westminster an Indian has been sent to await the Assizes, charged with robbing Mr. Bonson's till. Mr. E Brown, at the nomination of a member for the Commons on Friday last, proposed, and Mr. W. J. Armstrong seconded, Mr. Hugh Nelson. The result, as already had by telegraph, was that Mr. Nelson was returned without opposition. The *Guardian* says the Fraser river buoys are out of place, and calls on the authorities to replace them. The closing cricket match of the season was played at N. W. on Thursday last. Dr. Trew and Mr. A. Jackson picked respective sides. The latter won in one innings, with 26 points to spare, the other scoring only 15 and 29, first and second innings, respectively. The *Guardian* contains Mr. Norris' withdrawal to the electors of the Yale-Lytton district. New Westminster is in a ferment over Mr. Claudet's decision, unseating Mr. Wise in the recent Municipal election. Mr W. Fisher takes the vacant seat. Several names were erased from the polling list, which it is alleged were illegally placed thereon.

Saturday's Dispatches.—There were four fatal cases of sun stroke in New York on the 22d. Severe lightning storms continue to rage throughout the Atlantic States, doing injury to the tobacco crops and other property; also to human life. Yet another Pirate Treasure Company is incorporated in San Francisco. The first vessel entering an American port bearing a Japanese flag, arrived in San Francisco harbor a few days ago. She brings tea to Macondray & Co. The value of property destroyed in Belfast during the riots is only £50,000. The resignations of the Geneva Board are still kept secret and will be until the official decision is given. Latest news from the South African diamond fields is very favorable. Several persons have been convicted of stealing the precious stones. The Russian fleet with the Grand Duke Alexis has arrived at Cape Town and was well received by our fellow subjects. The squadron is on the voyage to the East Indies, China, Japan and this coast.

Fire.—Two small houses, the property of Mr. York, situate on the corner of Quadra and View streets, were totally consumed yesterday morning. Both houses were untenanted, and were recently purchased by Mr. York, together with the ground on which they stand for $575. The fire was discovered by Mr. C. Gowen who lives near to the spot. He broke into one of the houses, found a fry-pan as if but just been used for cooking, and in the inside room he found the ceiling ablaze. The Deluge fire engine was first on the ground, but the suction hose broke and the Tiger Co. was first to throw water on the burning premises. We are informed the property was insured for $700. A lad was seen to leave the rear of the place shortly before the occurrence.

SPECIAL TO THE DAILY STANDARD

LAST NIGHT'S DESPATCHES.

A SECOND PRIZE FIGHT

THE BELFAST RIOTS RENEWED!

CANADA BEATEN IN THE INTERNATIONAL CRICKET MATCH.

NEVADA.

Virginia City, August 24—Prize fight between Williams and Chatham for a thousand dollars a side took place to-day about six miles from here; five rounds fought and time called for at 3 p. m. at the 6th round, Chatham not being able to come to the scratch, his second, Billy Dwyer, threw up the sponge, and the fight was declared won by Williams in three hours and thirty minutes. A large crowd witnessed the fight; about four thousand dollars changed hands on the result. Williams showed very little punishment, while Chatham's eyes and face were perfectly battered and swollen. The Sutro tunnel is in a distance of three thousand and seventy feet; fifty feet having been completed last week.

Carson, August 24—There is great rejoicing here this evening over the completion of the first railroad to this place.

The *Tucson Citizen* of the 15th speaking of the San Francisco *Bulletin's* article on the diamond discoveries and the location of the diamond field in the southern part of the territory, near the Sonora line, says, in this we are quite positive that the journal is misinformed.

Last week a band of Apaches attacked the San Pedro settlement; a party of 16 citizens took the trail and followed them for 35 miles, surprised them by killing three without loss to themselves.

UTAH.

Salt Lake, Aug. 24—The Emma Consolidation Mining Company sold three hundred tons of ore from Vallejo Mills to-day on dump, at 44 dollars per ton. The total cash mining sales the past two weeks in this city average $400,000.

EASTERN STATES.

Washington, August 24—The issue of postal cards will be delayed, the Attorney General having decided that they cannot be paid for without a special appropriation.

New York, Aug. 24.—Both Mace and O'Baldwin claim the stakes.

New Brunswick, N. J. Aug 24.—State Senator O'Brien, in an interview pronounces for the Louisville Convention and Charles O'Connor.

New York, Aug. 24.—The *Times'* English correspondent throws a great discredit on Stanley's account of finding Dr. Livingstone.

St Louis, Aug. 24.—Over 20 cases of sunstroke occurred here in the last 3 weeks, and a majority of cases have proved fatal.

WEST INDIES.

Havana, Aug. 24.—The Insurgents are massing all their forces to make a fresh attack on Ciencofille. Havana is overrun with scoundrels of every description, and murders and depredations are constantly committed. The police are seemingly powerless.

EUROPE.

London, August 24—Private telegrams from Belfast report the rioting renewed. Several encounters occurred. The reports are not yet confirmed by press dispatches.

CANADA.

Toronto, August 24—The International cricket match resulted as follows: The English cricketers, 255; the Canadian, 88.

CALIFORNIA.

San Francisco, August 24—Flour—No quotations.

Wheat—Good, $1 50.

Potatoes—$1 50.

Sermons.—The first of a series of lectures addressed to young men was preached at the Wesleyan Church last evening by the Rev. Mr. Pollard. A large congregation was present. The services in connection with this Church will in future commence at 7 o'clock p. m. instead of 6:30 as heretofore.

Accident.—We regret to hear that Mr. Rowland, of the Burnside farm, sustained a fracture of a leg on Friday evening. Dr. Trimble set the injured member on the following day.

Real Estate.—Messrs. Davies announce a sale of a large and valuable lot of property, city and suburban.

The Prince Alfred is 41 days out this morning.

Dishonest Journalism.

Editor Standard:—How easy it is for an editor of a newspaper to employ his time in filling up his columns by traducing his fellow citizens with little meaningless squibs. Probably no one is more competent for this dirty work than the gentleman (?) who has been deservedly criticised as the *chameleon*; his handiwork is recognized in nearly every issue of the paper to which he is attached, and none more palpable than that of the "Saanich Farmer" of to-day. Probably he is of the opinion that he is adding strength to the cause which he professes so strongly to support. In my judgment no measure could be resorted so calculated to do a good cause so much injury. The hue of the *chameleon* must change very considerably before he will command, in this community, the respect which he ought to possess as the editor of the "self-pronounced" leading newspaper of the province.

NOT A SAANICH FARMER.

Victoria, Aug. 25th, 1872.

Licenses.

Editor Standard:—Can you inform me what the difference is, in this province, between a wholesale and a retail license? For example, if a man sells cigars by the thousand, what would it be considered to be, wholesale or retail? And also, a man who sells by the single cigar? And can you inform me if there has been a reduction in the price of licenses; more especially that of wholesale? An answer would oblige an

"Curs."

Victoria, B. C., Aug. 23rd 1872.

Editor Standard:—Could you inform me how it is that the Poundkeeper does not impound a number of worthless curs that lie about the sidewalks on Government street, and fly out at every horse that passes; also, attack inoffensive dogs; and obstruct the sidewalks, making it dangerous for ladies or children. If the owners do not keep their dogs tied up, one of these fine mornings, they will be minus a dog. CAUIS.

We wonder what induces David Green the clothier of Government street to advertise, as everyone is aware that he keeps the best fashionable made clothing store north of San Francisco.

Ahead of the Managerie.

Dramatic Persons—Old Lady; Old Lady's Daughter; Frank Bell, a queer genius traveling about as advance agent of concert troupe.

Frank Bell, traveling in a vehicle bearing a strong resemblance to a pedlar's cart.

Old Lady—Says, what have you got to sell?

Bell—I am a traveling agent, madam, for the greatest menagerie of ancient modern times, which is shortly to be exhibited in this section, affording to the inhabitants thereof an opportunity of viewing the most stupendous collection of animals ever before exhibited.

Old Lady—You don't say. Have you any elephants?

Bell—We have, madam, six elephants; but these constitute a comparatively unimportant part of the show. We have living specimens of bipeds and quadrupeds, who roam over the earth, not only in the present day, but also in the pliocene and post-pliocene period, embracing the megatherium, with six legs and two tails; ichthyosaurus, with four eyes, two noses and four tails; the plesiosaurus, resembling Satan in shape, which spits fire and breathes sulphur, and many other species too numerous to mention. We have also a pious lawyer.

Old Lady—Well, I declare.

Bell—But, madam, the greatest curiosity by far, of our exhibition is a learned and classically educated monkey, who was brought up as a Mohammedan priest in the mysterious regions of the Great Desert of Sahara. This monkey talks with great fluency all the modern languages, besides Latin, Greek and Hebrew. He can repeat the Ten Commandments, the Emancipation Proclamation, President Lincoln's last message, and performs the most intricate examples in accuracy. While being exhibited in Washington he actually repeated a long speech of the President. The monkey corresponds—

Old lady's daughter suddenly sticks her head from the window and calls out; "Mother! Mother! ask him why they let the monkey travel so far ahead of the other animals."

Lady Doctors.

A letter from Zurich, published in the *National Zeitung*, gives some curious particulars about the young lady students who frequent the Zurich University in such numbers. There are rather more than four hundred students at Zurich, and eighty of these are women, for most part Russian, of whom fifty follow the classes of medicine. England is also represented at Zurich; and an English lady, Miss Atkins, gained, at the beginning of this month, the degree of Doctor of Medicine. It gives still a story to learn that in handing the student her diploma, Professor Herrman, of Bern, and some very illiberal and unfeeling remarks. "The brilliant result of her examination," he said, "is it not the principal point. A certain amount of knowledge may be acquired by mechanical processes. The great thing above all is the medical art in practice. "Now, lady doctors," he continued "have yet to prove that their science is of some use to society." Professor Herrman, evidently a timid man, went on to say that the great number of female students at Zurich "filled him and his colleagues with apprehension," and the more so inasmuch as the Government, "while giving full liberty to the scientific tastes of these ladies did not at the same time give the Professors the means of exercising a certain control over them." The male students were unmannerly enough to receive the Professor's speech with unequivocal marks of approbation.

Strange Scene in a Church.—The Bishop of Winchester has inhibited the Rev. Mr. Wilkins, of Swanmore, Isle of Wight, for kissing his stole in the pulpit of St. Michael's Church, Southampton, on the occasion of the reopening, and his lordship also called upon the Rev. F. M. Gregory, the vicar to offer explanations as regard the use of incense and the performance on the same occasion. There was another scene at the church, the Rev. Herbert Smith, who publicly protested at the opening festival against what he had seen, had taken his seat in the center aisle, and on the entrance of the vicar he rose and said he felt it to be his bounden duty to expose him. What," said Mr. Smith, "is to be done with you who set at defiance the authority of the bishop and church warden? People ought to leave the church." The vicar endeavored to remove Mr. Smith, but he, notwithstanding a great disparity of age between the two, resisted stoutly, and a policeman was sent for and came. "You," said the rev. gentleman, "represent the Queen, and I will accompany you directly," and he then left the church.

Still the Fastest.—Five men certify in the New York *Herald* that at Boston Mystic Park Course, July 29th, the famous Bonner horse, Joe Elliott, trotted one mile in 2:15. One of the timers declared that he did the distance in 2:14½.

Maravilla Cocoa.—No Breakfast Table is complete without this delicious Beverage.—The *Globe* says, "Various importers and manufactors have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success has been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of Maravilla Cocoa. Acquiring their perfect system of preparation of this finest of all species of the Theobroma, they have produced an article which supercedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopaths and invalids we could not recommend a more agreeable or valuable beverage." Sold in packets only by all Grocers, of whom also may be had Taylor Brothers Original Homœopathic Cocoa and Soluble Chocolate Steam Mills—Brick Lane, London. Export Chicory Mills, Bruges, Belgium.

The Only Complete Book-Bindery North of San Francisco.—The undersigned is prepared to turn out a superior class of work. Magazines, newspapers, etc., bound with dispatch. The most difficult forms of ruling done. Cheques or receipt books numbered and perforated. Charts or maps mounted on linen suitable for the pocket, and drawing paper mounted by the yard or in sections. Robert T. Williams, at T N Hibben & Co.'s.

To the Electors of Vancouver Island District.

GENTLEMEN:—On leaving Ottawa it was my intention to withdraw from politics, but since my return home, I have been daily receiving from every quarter of the country the most urgent solicitations to again become a Candidate to represent y ur District in the Federal Parliament. After mature consideration I have acceded to the request of my friends, and have now the honor once more to solicit your suffrages at the coming election. In doing so I would state that it is not my intention to canvass the district, or wait personally on the Electors. My having recently spent considerable time in canvassing this extensive district, and business engagements this season renders my doing so impossible. As the electors are well acquainted with my political views on the leading questions of the day, as well as my public acts in Parliament last session,—if they under these circumstances think fit to return me again as their representative, I pledge myself to use my best endeavors to promote the local and general interests of the country. I shall also give the present Government the same hearty support that I did last session, for I am firmly convinced that by retaining in power the able Statesmen, who at present control and direct the affairs of this Dominion, we take the only sure means to advance the immediate and future progress and development of this Province. Everywhere in the Eastern portions of the Dominion, at present is to be witnessed the most marvelous progress, and prosperity, in every department of trade and industry. Agriculture, Commerce and manufactures were never before in such a flourishing a condition; all this in a great measure is the result of wise legislation, initiated and carried out by the present Government in whom I recognize the leader of the party of progress. And I hold it to be the duty of your representative to work with this Government in their endeavours to raise this Province to the like degree of vitality and prosperity.

The liability of the outlying settlements to frequent depredations by the Indians, calls for some measure protection from the Government. I shall again urge upon the Ministry the necessity of employing an Armed Vessel for this purpose, believing that prevention is at all times better than cure. In conclusion I can only say that should I again have the honor to represent you in Parliament, whatever ability I may possess, will be devoted to the advancement and wellbeing of the whole country.

I have the honor to remain
Your obedient servant
ROBERT WALLACE.

Victoria, July 22nd, 1872. jy22dsw

To the Electors of Victoria District, including Victoria City, Victoria District, Esquimalt and Metchosin.

GENTLEMEN:—In a short time you will be called upon to elect two members to represent you in the House of Commons, and as many electors have expressed to me a desire that I should offer myself as a candidate for that honorable position, I now solicit your suffrages assuring you that if elected, no effort on my part shall be spared to advance your interests at Ottawa or to assist in legislating for the advancement of the whole Dominion.

Politically I am in favor of giving a generous support to the present Canadian Administration, and should strongly advocate the national importance of the Railroad being terminated at Esquimalt. I shall urge the establishing of a Quarantine Hospital at once, the opening of an Immigration Agency at Victoria, the building of a Lighthouse at the entrance to, and the Dredging of Victoria Harbor, I should endeavor if necessary to obtain an increased guarantee for the Dry Dock, and should point out the benefit and importance of completing the Railroad from the Pacific to Lake Superior, (at least) in the shortest possible time.

From present information upon the subject it appears there is little prospect of both Houses being in Session this year at the same time, but should it prove otherwise and should I be elected to the Commons, I should feel in honor bound, (although with great reluctance) to resign my present seat in the Local House and enable another representative to take my place.

I remain respectfully
Your obedient
Robert Beaven.

To the Electors of Vancouver District.

GENTLEMEN:—Having been urgently solicited to become a candidate for the representation of Vancouver District in the House of Commons, and having received a very general assurance of support in the course of canvassing, I now announce myself a candidate.

Averse to long winded addresses and profuse promises before election, I prefer to be judged by the record of my past acts during the last two sessions of the Local Legislature.

Should you honor me with your confidence, I shall use my best endeavors to obtain the Railway Terminus on the Island, and all other questions which may arise, such as Immigration, Postal Service and the administration of Indian Affairs shall meet my most careful consideration. The liberal policy pursued towards British Columbia by the Dominion Government, in my opinion, entitles the present party in power to the hearty support of the representatives from the Pacific.

Should I be honored by your electing me, no personal consideration shall be allowed to interfere with my faithfully discharging my duty, and it will be my highest ambition to strictly guard your interest.

I shall seek an early opportunity of personally addressing you. Meanwhile I respectfully solicit your influence and vote.

I have the honor to be gentlemen

DR. CHING FUN—A CARD—EDITOR STANDARD:—Through the medium of your paper I want to state the very great good that has been done me by Dr. Ching Fun of this city, next door Kwong Lee & Co. For 24 years I suffered with neuralgia on the brain, which baffled the skull of three first-class American physicians. Latterly bronchitis attacked my right lung, and my eyes became woefully inflamed. Despairing of ever being cured I proceed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit and find relief.

Respectfully,
JOHN REYTON, of Kentucky, U. S.

C. FRANCIS BARNARD, M.D

SURGEON DENTIST.

DR. BARNARD HAS had for SEVERA months the "Perkins Hyatt" or "Celluloid Base," the newest and latest material adopted to the mounting of whole sets of teeth; he has also using "Whalebone Rubber," which is rapidly supplanting for single dentures or partial sets, the best vulcanites of the last 25 years.

We cheerfully add Dr. B's Card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other dentist on the Sound, Coast or Island. For details see daily Colonist.

Card of Thanks.

To Dr. J. B. Matthews, Health Officer, and the Board of Health of the City of Victoria.

GENTLEMEN—We the undersigned, the Second Officer, and Second Steward of the mail Steamer Prince Alfred, who unfortunately were attacked with the baneful disease of small pox, when that vessel was last at this port, take this our only method of publicly conveying our warmest thanks and acknowledgements to Dr. J. B. Matthews, the Health Officer, for his unremitting attention and kindness to us while afflicted, to his skill through God's mercy we consider ourselves indebted for our lives. We would also tender our warmest thanks to the Board of Health for the very excellent manner in which we were treated, both in the hospital and while in quarantine.
